

# CLASS DESCRIPTIONS

## 10 and Under Tennis

### **10 and Under Prep:**

In our prep classes, your child is introduced to tennis equipment, layout of the tennis court, hand-eye coordination, movement skills, and basic fundamentals through tennis activities and games.

### **10 and Under Red:**

Our red classes use slower balls, smaller courts, and shorter rackets which enable players to play the game from the first lesson. Players start to play fun, team-based matches, while developing good technique.

### **10 and Under Orange:**

Players move to a larger court, relevant to their size. The ball is slightly faster but continues to provide an optimal strike zone. Students play both "team" and "individual" matches.

### **10 and Under Green:**

The ball is faster than at Orange but still slower and lower bouncing than a standard ball, helping players to continue in developing good technique and to implement basic tactics. Matches are slightly longer than at Orange level, and both "team" and "individual" matches are played.

## Junior Team Camp & Junior League

### **Junior Team Camp: Kids :Age 7-12years old**

A standard tennis ball will be used. Participants already have experience with match-play and lessons. The focus of this class relies on drills and competitive games. Emphasis is on consistency, accuracy, spins and match-play strategies. The Junior Team plays best of 5 game matches against other teams from local clubs. Matches are home and away.

### **Junior League:**

This program aims at training tournament/High School level juniors. The clinic focuses on strategy and mental toughness through specific drills, point situations and match-play. Heavy fitness and athletic training is also a major component of this program. The USTA Junior League plays best of 3-set matches against other teams from local clubs. Matches are home and away.
